Dedicated and skilled Front-end Developer and Graphic Designer with a passion for crafting visually appealing and user-centric digital experiences. Recognized for a meticulous approach to design, I am eager to contribute my expertise in HTML, CSS, Bootstrap, and graphic design tools to collaborative and innovative projects. My goal is to not only meet but exceed user expectations by combining technical proficiency with a keen eye for aesthetics.

## Education

---

### ● High School

### ● Islamia College of Science & Commerce

Currently Pursuing.

- Bachelor of Science, Information Technology

## Skills

---

2017 - present

### Graphic Design:

- Mastery of Adobe Creative Suite, including Photoshop, Illustrator, and Adobe Lightroom, enabling the creation of visually stunning graphics and illustrations.
- Proficient in leveraging Figma for collaborative design projects, fostering effective communication and streamlined workflows.
- Adept at creating cohesive visual identities, including logos and branding elements, to elevate the overall user experience.

### Front-end Development:

- Proficient in HTML5, CSS3, and Bootstrap, with a focus on creating responsive and seamless web designs.
- Strong understanding of user experience (UX) and user interface (UI) design principles, ensuring optimal user interactions.
- Experience with JavaScript and familiarity with front-end frameworks like React, enhancing interactivity and user engagement.

### Other Skills:

- Strong problem-solving and analytical skills, addressing challenges with innovative and effective solutions.
- Excellent communication and collaboration abilities, fostering positive team dynamics and project success.
- Detail-oriented with a commitment to delivering high-quality work within project timelines.
